ABACO COFFEE TABLE

The simplicity of the Abaco coffee table design conceals interesting and well-gauged geometric and constructive choices that explore the theme of circle and symmetry. The base is composed of three slender metal legs, connected by a spoked structure that supports the top, which can simply be detached for use as a tray. Abaco is available in three different heights and diameters and can be personalised by selecting lacquer colours and metal finishes and now the option of marble or terrazzo tops. The trio of tables can be nested together or separately.

CATEGORY

Luxury Coffee Tables
