## ALL-IN ARMCHAIR

A challenge for gravity: All-in is all about daring design choices. Generous shapes and square volumes communicate with minimalism enhancing lightness and composure. Long legs support a structure raised 18 cm above the floor and run up the sides of this sofa in finishes that can be chosen from any of those available in the collection. The structure is entirely concealed from view by the cushions. Two types of backrest are available and can be used together in mixed arrangements: one flush with the armrests and another taller one.
