BAZA SOFA

The Baza sofa designed by Studio Segers is made of a combination of powder coated stainless steel and very comfortable soft cushions that are upholstered with a quality outdoor fabric and filled with a quick-dry foam so that the sofa can be left outdoors in all weather conditions. It consists of two rectangular elements and a pouf that together with three backrests, allows for a numerous combinations. Thanks to this variability one is able to create a sofa which can be easily adapted to suit any situation and optimises any space in which it is placed.
