CONIC TABLE

Designed by Murken & Hansen, the Conic table, with its elegant basic geometrical forms, always serves as the ideal partner. Its round, oval or rectangular top is lacquered or available in oiled solid oak, ash or walnut and the underframe is made of Cristalplant® in matt white. This compound material feels velvety soft, is 100 % recyclable and easy to clean. For a surface that still looks as good as new after years of use. The Conic table is available in a range of finishes.
