DELTA TABLE

Beauty, stability and elegance come together in an interplay of balance and materials to form the Delta table. The slanted form of the base gives the table a light, harmonious look, while serving a static function that makes the frame unbeatably stable and solid. The base of Delta is available in wood veneered or matt lacquered solid ash with metal chromed steel lacquered or wood veneered legs, complemented by a fixed top in a selection of marbles, exotic wood or glass finishes. An extendable version is available in transparent glass.
