## DUCT CHAIR

Studio Segers describe the main inspiration when designing the Duct chair was the beautiful, almost sculpted wooden furniture of the Scandinavian classics. "We find it remarkable that a chair is mostly judged and evaluated by its front side. But actually when it's set at a table it is viewed mostly from its back". This resulted in smooth transitions between the legs, armrests and back support of the Duct chair. Duct is available in a range of powdercoat finishes and a range of high Powdercoatquality outdoor-friendly upholstered seat covers.
