DUETTO SIDE TABLE

Designed by Tim Kerp, the design of the Duetto coffee table takes a sustainable approach to design and manufacturing. Produced from a single sheet of metal using technologically advanced design, the versatile Duetto was created using a juxtaposition of solids and voids and the idea of the side table as a multi-tasking companion to everyday activities both inside and outside the home. Duetto is available in a selection of metal finishes or any of the matt lacquered colours from the Pianca collection.
