DUO SOFA

The charm of detail. With its eye-catching, refined design, Duo wins you over thanks to its beauty and versatility. Its extensive volumes create spacious, eclectic arrangements. The seat cushions and surface are designed to be flush with the front and rear of the sofa's structure. The backrests are provided with a special mechanism to adjust their inclination at the touch of a hand. Backrest cushions and roll cushions complete the sequence. A wide range of configurations – that look perfect even in the centre of a room – can be achieved by combining various modules. The elegant, steel sled base can be customised in metallic finishes.
