Launched during Milan Design Week in 2021, the refined simplicity of the Embrace bed echoes the warmth of an embrace. Designed by Stockholm-based design studio Note Design, Embrace's classic-inspired forms are reassuringly solemn, distinguished, yet also inviting. The dominating feature of the Embrace bed is the curved headboard that cocoons the main body of the bed in an inviting, material embrace, offering protective, reassuring shoulders. Available in Pianca's large range of fabric and leathers.
