Inspired by one of Kyoto's most important sacred places, the Inari collection by Philippe Tabet is closely linked to the Fushimi series, sharing the same conceptual roots and main characteristics of form and style. Symmetry, lightness, a stylishness in its details and clean lines make the Inari a series marked by elegant, pared-back forms. The Inari chair is available with and without armrests and offer plenty of scope for customisation. The meticulous woodworking of the ash, which is milled and turned, creates an extraordinary continuity between the surfaces both to the touch and to the eye, highlighting the old-fashioned craftsmanship that has gone into its making. Seat height 48cm.
