## ORCHESTRA CHAIR

Merging a classic aesthetic and a contemporary approach to the use of wood, Orchestra emerges as a chair that conveys the idea of familiarity and reliability through a sophisticated and painstakingly controlled language. Philippe Tabet has cleverly produced such a refined and interesting design that Orchestra is eloquent and attractive from any angle. With their square section, the rear legs are splayed out slightly, morphing into armrests as they travel upwards, drawing a curving and beautifully tactile outline. These unbroken lines lend a clean, cohesive look to the resulting whole. The ergonomic design of the padded seat provides comfort, wrapping round and supporting the body. Seat height 46cm.
