PEONIA ARMCHAIR

The new collection designed by Cristina Celestino for Pianca unfurls like a flower in Spring. And it is indeed nature, with her perfect geometries, that provides the inspiration for Peonia's creative genesis. Sculptural and inviting, it captures the eternal becoming of every living thing in its forms; the tension to a constant and inescapable perpetual movement. The shell of the armchair is composed of different surfaces, arranged in an evocative crescendo that recalls the petals of a corolla. The entire structure is fabric upholstered in a continuum of colours and textures in the base and seat.
