Designed by Odo Fioravanti for Pianca, the simple, yet elegant design of the Seida chair explores the concept of the wooden chair, taking it back to its primary meaning. Seida features a wealth of small details for a richer feel, giving it the air of a familiar object with a discrete presence. Made from solid ash, with the option of a matt lacquered open pore or wooden finish, Seida can be fitted with a seat upholstered in fabric, leather or synthetic leather from the Pianca collection.
